		SOFT TOE						
								

TOTAL CUSHIONING TECHNOLOGY

Florsheim Postal Athletic shoes now with unique TCT™

TCT™ or Total Cushioning Technology™ provides five layers of cushioning under the heel and three layers under the forepart: deeper, total cushioning for amazing comfort and impact protection.

From Top layer down:

- 1 Removable PI1000 Insert cushions the entire foot.
- 2 Polyurethane gel heel cushion distributes heel impact.
- 3 Polyurethane Shock Eliminator cushions and absorbs initial heel strike impact.
- 4 Closed cell polyurethane "total cushion" provides a soft but firm comfort bed for the entire foot, creating a sensation of walking on thick carpeting – over any terrain, all day.
- 5 Tough Polyurethane outsole resists wear, yet absorbs shock.

Mission Ready

“The Shield:”
The tactical series from Knapp with an arresting value proposition.

About us

Warson Brands* offers a portfolio of seven national brands and over 300 styles of safety footwear for men and women. We have been in the occupational footwear manufacturing business since 1988. We design and engineer footwear for nearly every occupation on the planet. With us, designing and crafting occupational and duty uniform footwear isn't just a sideline, it's our passion, our one and only business.

Our Mission: Performance

Our business model is simple: the better our shoes perform, the better our customers perform – from our wholesale and retail customers to our end-users.

Our Goal: providing the best customer service, period.

We sell occupational footwear all over the world. However, when it comes to customer service, we want to be right next door. Our customer service staff, with a combined experience of over 300 years, knows your business and works hard to earn it every day.
